Human Rights, Equity & Justice

Participate in the first event in a Summer/Fall 2020
series of free webinars...

Reimagining Education: Youth, Educators, and Communities in Dialogue

RESCHEDULED because of the storm!

Thursday, August 13, 7:00-8:30 pm

Co-designed by high school/college youth and educators, this webinar explores what young adults seek from their institutions in this historical moment. How can schools and colleges operate to promote dignity, diversity and respect? How can educators meet the needs of their students amid the pandemic and calls for racial justice? How can students best use their voices to participate in shaping meaningful educational experiences for all?

This interactive webinar is free and open to the public. Students, their parents and guardians, educators, and administrators, and public officials are encouraged to attend.

Required preregistration at cthumanrightspartnership.org

Upcoming topics: Educational Equity and Access, Monuments and Mascots, Community Action Planning, Healthcare Equity

Series sponsors: Connecticut Human Rights Partnership, EquityCT, School and State Finance Project, Sacred Heart University's Hersher Institute for Applied Ethics, Northwestern Connecticut Community College's Team Success Scholars Program, and CTHumanities
